

MOBILE CASSETTE & FILM CARTS

CONTOURED PADDED HANDLES

BACK SLOPED SHELVES

FULL PERIMETER BUMPER

LOCKING SWIVEL CASTERS

These cassette and film carts are designed to withstand the demands of busy radiology departments. Made of cold rolled steel, with high quality 5" polyurethane locking swivel casters, these sturdy carts are easy to maneuver.

Back sloped shelves, surfaced in non-marring plastic, prevent cassettes, film and envelopes from sliding off the cart. Full perimeter bumpers protect walls and equipment from damage. The contoured padded handles on both sides of the cart make travel in any direction easy.

Finish: light grey baked enamel.
