FIXED PARTITION VERTIFILES

Models 851S and 851SD Vertifile cabinets are constructed of heavy gauge cold rolled steel. The inner and outer walls of the sides are welded together for additional strength. The specially designed inner wall eliminates the possibility of a film corner trap. Doors slide smoothly in steel tracks. The partitions are fixed and are not adjustable. Single units can be stacked one upon the other.

Inside dimensions of each shelf: 18⁷/₈" deep and 16¹/₈" high. Approximate distance between partitions: 6³/₄"

Finish: Light gray baked enamel (on cold rolled steel).
